

Read what KOO attendees have to say:

"The KOO Conferences are by far the best I attend! Great information, good speakers with a wonderful experience!"

"This was the best workshop I've ever taken! I believe a course or workshop of this type should be included in every Counselor Education Program"

"Thank you so very much! This was so worth the two days of summer—and will help me be a better college advisor to my students!"

"I attended KOO 1 after my first year of counseling. I haven't attended again until my 10th year. I'm excited to use the new information and to share with my coworkers. The quality of instruction and information shared was truly impressive. Thanks so much for putting this all together. KOO ROCKS!"

"The KOO experience is invaluable! Thank you!"

Enrollment limited to first 35 paid participants.

June 11-12, 2012 KOO II Workshop Regis University

We are again offering KOO II, a workshop designed for high school counselors with several years of college counseling experience and/or KOO I alumni. Learn more about topics from the experts: our faculty are top-notch, regionally and nationally known practitioners who will share their extensive knowledge with you on an interactive and small-group basis. This two-day workshop will give you new resources and opportunities for networking. Come prepared to participate!

KOO II participants will be asked to read a common book, and our "KOO Book Club" will spend time discussing relevant national and local issues. Come prepared with your school profile and letters of recommendation: our faculty will give direct feedback on how you can improve both!

Planned Workshop Content:

- Challenges Facing Counselors and Future Trends
- The School Profile and Transcript
- Advanced Financial Aid
- Technology and Social Networking
- Advanced Letters of Recommendation
- Advanced College List Building
- Case Studies
- Balancing your Life

June 13-14, 2012 Southern College Bus Tour

We will be visiting the [*Air Force Academy, Colorado College, University of Colorado-Colorado Springs and Colorado State University– Pueblo*](#) on this two-day counselor bus tour. Your registration fee includes graduate credits from Adams State College, accommodations in Colorado Springs and meals, and bus transportation. Housing is included in the cost.
