

The Regis University information is listed on pages 121-123 in the handbook.

Like many other colleges, we had a record freshmen class with 438 students. Including transfers, we welcomed 500 new students to campus a few weeks ago. Thank you for encouraging your students to look at Regis.

Our Board of Trustees has been price sensitive in the past few years with a modest tuition increase. We were also fortunate enough to increase our merit based scholarship awards by \$1000 for the fall 2011 class. I will have updated scholarship sheets at the information fair.

Our Doctorate of Pharmacy is in its second year and nursing continues to be one of our most popular majors. Our Nursing program does offer direct entry into the junior year, or seamless progression.

Our visit programs this fall are:

Fall Fridays—October 15th

Fall Fridays—October 22nd—for nursing, pharmacy, and physical therapy students only

Fall Visit Day—Saturday, November 13th

Last fall, Will Gohl, was named a Rhodes Scholar. He was one of only two students in this district to be given the prestigious fellowship. Will was a Boettcher Scholar and leaves for his studies at Oxford soon.

Thanks again for all the good work you do and stop by my table at the information fair if you have more questions.
